Dr. Miles' Nervine Restores Health.

UNCLE EZEKIEL OREAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Restorative Nervine has done great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

DR. MILES MEDICAL CO., Elkhart, Ind.

O. H. MONTGOMERY,

ATTORNEY-AT-LAW.

Will practice in all the courts of the State. Careful attention given to collections and to estate matters. Office: Over the First National Bank, Seymour, Ind.

DENIES THE REPORT

Commissioner Worcester's Telegram on Shooting of Filipino Prisoners.

CHAS. BRENNER'S CHARGES

That Four Prisoners Were Shot by Order of Officers Being Investigated. Probably Two Were Killed Who Refused to Obey Orders—Natives Maltreated and Robbed.

Chicago, June 30.—Dean C. Worcester, member of the Philippine commission, yesterday cabled The Times-Herald denying reports that Filipino prisoners were shot by order of American officers. This was in response to a cable inquiry sent by H. H. Kholosat, as follows:

To Worcester, Manila: "Charles Brenner, Minneapolis, Kan., writes home: 'Company I had four prisoners and did not know what to do with them. They asked Captain Bishop what to do. He said 'you know orders.' And four natives fell dead.' Cable the truth. KOHLASAT."

Commissioner Worcester's answer, under date of yesterday, is as follows: "The original statement of Brenner is untrue. Brenner's charge was promptly investigated by the military authorities here. No facts were ascertained to support the charge at the time of first inquiry, but the investigation has been renewed and is being prosecuted vigorously and extensively. This investigation has not yet been completed."

"Brenner's charge has some semblance of truth, for the reason that it is now believed that two prisoners were shot in the heat of battle for refusing to pass to the rear when ordered to do so. This matter is being probed to the bottom. It is an isolated case."

"The inhabitants of the towns recently captured had been maltreated, robbed and left destitute by the insurgents. The natives rejoice at the arrival of the American troops, who neither burn their homes nor loot their property, and who feed the hungry."

"The inhabitants are resuming their ordinary occupations and are ready to co-operate with us. The wounded insurgents are brought to Manila, where they receive the same care and attention as our own wounded."

PARAPETS TESTED

One Was the Invention Largely of Secretary Alger.

Washington, June 30.—Secretary Alger, General Wilson, chief of engineers, General Buffington, chief of ordnance, and several other officials went to Fort Washington yesterday to witness the testing of two parapets which had been erected there for experimental purposes. One was composed chiefly of lime and cement, and embraced an area approximately 20 feet wide and of considerable thickness; the other, which it is understood, is the invention largely of Secretary Alger, was made up of a combination of steel rails and concrete. One of the big 10-inch guns at the fort was leveled at the parapets at a firing distance of 200 yards, four shots being fired at the solid mass of cement, lime, etc., and one shot at the combination of steel and concrete parapet.

Two of the shells fired at the cement parapet plowed a foot in depth in a portion of the face and then on to the hill beyond; another cut a trench clear through, scattering some of the debris into the ditch behind, while a fourth sent into the parapet from below the surface lodged in the wall at a considerable depth.

The shot fired at the combination parapet struck it below the surface of the ground and badly twisted the metal and generally demoralized the structure. It was the opinion of the officials who witnessed the test that the structure

"DEATH IN THE POT."

"Death in the pot." That sentence condenses the story of a tragedy. A little family gathering. A fine dinner cooked in the large copper kettle long disused, and the entire family poisoned by the accumulated vermin. The story was told by the newspapers from one end of the land to the other. But it was soon forgotten. The moral of it is, that the purest of food, put into a foul vessel, instead of ministering to life may become a minister of death.

If the stomach is diseased it is like the poisonous kettle, which taints everything that goes into it. The symptoms are irregular appetite, undue fullness after eating, distressed feeling in the stomach, of fluttering and sinking sensations, palpitation, dizziness, ringing in ears, sour or bitter risings and constipation. Not all these symptoms may be present at the same time, but any of them shows disease in the digestive or alimentary tract. The intimate relation of the stomach to the blood, heart, liver and lungs makes it a medical maxim in exploring the causes of obscure diseases to "start with the stomach." It is upon this principle that Dr. Pierce's Golden Medical Discovery effects so many and such remarkable cures. It cleanses the stomach and the system is cleansed. It increases the action of the blood making glands, and the body is enriched by the purified blood. It strengthens the digestive or nutritive organs and these strengthen the whole body by increasing the quantity and quality of its nourishment. It carries off the poisonous, effete matter. In this way it re-establishes health, banishing the bodily aches, which are but symptoms of the stomach's condition.

A medicine dealer sell "Golden Medical Discovery." If they try to substitute something else, it is because "something else" pays better. Insist on "Golden Medical Discovery" if you want to be cured.

composed of cement was superior to that of the composite metal and concrete.

Promises to Result Successfully. Washington, June 30.—Commander Hawley of the navigation bureau, has received a report from Lieutenant Commander Adams of the receiving ship Independence to the effect that the experiment in the enlistment of sailors from the middle west for service on the Hartford promises to result successfully. The men are said to be intelligent, of splendid physique and altogether of such superior qualifications as to give great promise for the future.

The Prohibition Removed. Washington, June 30.—The prohibition upon the importation of horses from Turkey has been removed and an export duty of \$24 will be charged upon each horse exported. The fact is reported to the state department by United States Minister Straus.

Grasshoppers in Algeria. Washington, June 30.—United States Consul Skinner, at Marseilles, reports to the state department that clouds of grasshoppers threaten to destroy the standing crops in Algeria and that the government is already expending large sums of money to suppress them.

Roosevelt Not a Candidate. Albany, N. Y., June 30.—Governor Roosevelt stopped off in this city a few minutes on his way to New York city from the west. He declared that he is not a candidate for the Republican nomination for president in 1900, and that he is in favor of renominating President McKinley.

Degrees Conferred. Utica, N. Y., June 30.—Hamilton college yesterday conferred the degree of LL. D. upon W. W. Howe of New Orleans. The degree of D. D. was conferred upon Rev. L. R. Bissell of Philadelphia and Rev. Gilbert Reid of China.

CHINESE OUTRAGES

Britons and Americans Held Up at Sea by Bold Robbers.

Vancouver, B. C., June 30.—The British ship Wo On, owned by Banker & Co., was held up on May 22 at Kamuchuk, on the West River, by 25 masked robbers, who coolly emptied her cargo into junks lying alongside, after which the passengers, many of them British and Americans, were made to hand over \$7,000 in cash. Three Chinese torpedoes, placed on the river to prevent piracy, were anchored within 500 yards of the scene of the outrage, but made no attempt to assist the merchantman. After the robbery the captain of the Wo On reversed her flag at the masthead, but the torpedoes steamed by without paying any attention to the signals of distress. Boat captains of the West River held a meeting after the robbery and sent a resolution to Pekin recording the robbery.

A strange incident happened in Pekin a few days before the steamer left, in which a brave American citizen figured. It appears that Dr. Yung Yung, LL. D., a graduate of Yale, was decoyed from Shanghai by direction of Prince Chang and was imprisoned in the temple. It was given out that the reason was his sympathy with the reform movement. On the eighth day an American, disguised as a Chinese attaché of the American consulate, entered the prison, held up the jailers, cut Yung's bonds with a sword and spirited him away.

NONUNIONITES STONED

Motorman and Conductor Compelled to Leave Their Car.

Cleveland, June 30.—A crowd of 800 or 400 men and boys stopped a south side car on Jennings avenue last night and chased the nonunion conductor and motorman, as well as the passengers, away. The conductor, after being followed for half a mile, drew a revolver and fired at his pursuers, but without effect. The crowd hurled stones at him and he took refuge in a house. The motorman was chased a long distance, but escaped in the darkness. The conductor was arrested.

POPE AGAIN ILL

Confined to His Bed, the Result of Over Exertion.

London, June 30.—The Rome correspondent of The Daily Mail says: In consequence of his exertions during the recent religious ceremonies, the pope is now suffering great prostration, together with a slight attack of fever. He is confined to his bed and some anxiety is felt regarding him.

Dr. Mullins to Succeed Dr. Whiteitt. Atlanta, June 30.—Dr. E. Y. Mullins of the Newton Center Baptist church, Boston, was yesterday elected to the presidency of the Southern Baptist Theological seminary at Louisville. The election of Dr. Mullins by the trustees of the seminary was unanimous. Dr. Mullins' acceptance has not yet been received.

Taylor to Command

Washington, June 30.—Secretary of the Navy Long has signed an order designating Captain H. C. Taylor, commander of the battleship Indiana, to command the North Atlantic squadron during the month's leave of Admiral Sampson, which will begin early next month.

Welborn Jury Disagrees

San Francisco, June 30.—The jury in the case of O. E. Welborn, charged with appropriating government money while collector of internal revenue of this port, disagreed after being out for 22 hours. The jury stood eight for acquittal and four for conviction. Welborn will be tried again.

Dreyfus Rumor

Paris, June 30.—As an example of the Dreyfus rumors current, The Soir last evening declared that a high police official, speaking to an intimate friend, said the French government had received information that Dreyfus committed suicide on board the cruiser Stax, on which he left Devils Island for France.

GOVERNOR PATTISON

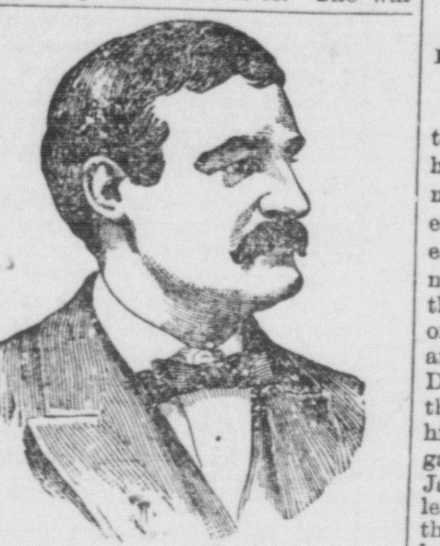

The Pennsylvania Statesman Gives His Views on the Philippine War.

THE WAR SHOULD BE ENDED

Promptly by the Suppression of the Filipinos If It Takes 100,000 or 200,000 Men to Do It—There Should Be no By-Play For a Political Effect.

Atlanta, June 30.—Governor Robert E. Pattison of Pennsylvania, who is in the south on a business trip, is at the Aragon. Asked about the war in the Philippines, Governor Pattison said: "The Filipinos should be promptly suppressed if it takes 100,000 or 200,000 men to do it."

"The thing to do is to end the war there and to restore order at once. This is the demand, I think, of the people of this country; it is undoubtedly the sentiment up my way. There should be no by-play for political purposes, all irresolution on the part of the present administration should be thrown aside and the war quickly brought to a close. "The Filipinos should be allowed to show what is in them. If they prove capable of governing themselves they should be permitted to do so. The war

EX-GOVERNOR PATTISON.

ended promptly, the islands might be gradually territorialized. Their representatives could be given a voice, but not a vote in this government and, in time, it may be 30 or 50 years, the Filipinos might reach the stage of statehood."

"What will be the issue in 1900?" was asked.

"It is hard to say, but indications now point to the results of the Spanish-American war as the issue. Of course, this includes the policy now being pursued in the Philippines. Unless things are brought to a head in these islands soon—if this fiddling with them is kept up—then that will be the burning issue, absorbing all others next year. I believe that the people will be ready to vote a change of the administration, because the present administration will have shown its inability to grapple with the situation. There can be no receding from our position in the Philippines. To relinquish the fight now would mean a new treaty with Spain, a loss of the \$20,000,000 paid for the islands and tend to involve this government in serious complications with other nations. We cannot go backward, and if the present administration does not promptly bring matters to a close in the Philippines, I believe the people of this country will put an administration at the helm that will do so."

"What about the trusts?"

"An antitrust plank will, of course, be put in the platform; but, as with rebates and special rates of the railroads, it is very difficult to legislate on the trusts; almost impossible to reach and control them."

"I think this, however, the trusts by their own extremeness, if I may use the expression, will defeat their very objects. They are sure, in my opinion, to overreach themselves and fail of their purpose."

CHAUNCEY DEPEW

Has Kind Words For the Late Ambassador Bayard.

London, June 30.—A representative of the press saw Senator Chauncey M. Depew of New York last night. He said: "I have just returned from Paris and will sail Saturday for New York. "As regards the expansion policy of the administration, I quite agree with proceeding with this campaign. We are convinced we are right, and President McKinley will go forward, I believe, to a successful issue. Mistakes have been made, but we learn by mistakes and, depend upon it, we are going to come out on top."

"I have come back to London and am proud of the marvelous success of our ambassador, Mr. Choate. He is going to make a great mark. We did not see the work Mr. Bayard did, at the time he gave expression to sentiments which possibly had no reality in England, and he knew it. We did not know it, and he knew it. But he was laying a foundation and accomplished the marvelous work of preparing the way for the grand revolution in popular sentiment on both sides of the Atlantic. "I go back confident that we have great times coming in the United States. Questions not dreamt of at the last struggle are forging to the front, and the fight will be keen and still, and as the report goes, no man can tell the issue with any success till the electoral vote is decided."

Treasury Statement

Washington, June 30.—The statement of the condition of the treasury shows: Available cash balance, \$279,151,468; gold reserve, \$393,149,467.

REPUBLICAN EDITORS

Their Midsummer Meeting Will Be Held at Winona, July 13.

Indianapolis, June 30.—Wallace B. Campbell, secretary of the Indiana Republican Editorial association, has sent out notices of the midsummer meeting to be held at Winona lake, July 13. Besides the regular business meeting an attractive programme has been prepared for the delegates and visitors. The convention will be in session five days, thus practically giving the members a week of recreation and rest. A special invitation is extended to the wives and daughters of members to be present. An effort is being made to secure two men of national reputation to address the association.

Senile Gangrene

Muncie, Ind., June 30.—Major F. Emley, the temperance orator and speaker, is fatally ill at his home in this city of a peculiar affliction. He has senile gangrene in one foot. In about four or five different operations, four toes of one foot and flesh from the bottom of that member have been removed by the surgeon. The great toe of the other foot must now come off, and this can give but temporary relief.

DREAD PLAGUE

Dr. Babbatta's Report on the Japanese Found in San Francisco Bay.

San Francisco, June 30.—Dr. Babbatta, bacteriologist of the board of health, has just returned a report of his examinations of the glands of the two Japanese who were drowned while trying to escape from the steamer Nippon Maru, now held in quarantine on account of three suspicious deaths which occurred on the vessel on her trip from China and Japan to this port via Honolulu. Dr. Babbatta found the bacilli to be those of the bubonic plague and to make his determination doubly sure will propagate their growth. The bodies of the Japanese were cremated and Dr. Lawler, the health officer of this city, states that there is no danger of the disease breaking out in this city as every precaution has been taken to prevent anything of the kind.

No Gold on the Kih-Buck

Seattle, Wash., June 30.—The latest advices from Kotzebue sound, Alaska, are given in a letter from Albert C. Thees, formerly of this place, who writes under date of Jan. 9, that not a bit of gold has been found where he wintered on the Kih-Buck river, and the question with the miners there is to get away. They had in camp 23 whites and 28 natives opposite the mouth of Hunt river. Not a cent of gold, says Thees, has been taken out of the whole country and they consider that they are entirely out of the mineral belt.

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

HARVARD WINS

Cambridge Boys Take All Three Boat Races From Yale.

New London, Conn., June 30.—Harvard won all of the boat races yesterday—three victories over Yale in three short hours—and the western sky glowed crimson last evening when the Harvard varsity crew pulled over the finish line six and a half lengths ahead of Yale. After eight years of defeat the students of Cambridge are tasting the sweets of success.

Harvard's university eight won from Yale over a 4-mile course by six and a half lengths in 20:52.

Harvard's freshmen eight won from Yale over a 2-mile course by two and a half lengths in 9:33 1/4.

Harvard's substitute four won from Yale over a 2-mile course by six lengths in 10:51.

The course was badly policed, boats getting into the lanes and steamers kicking up swells after the race had started. Harvard, in the varsity race, very nearly collided with a number of small boats at the finish and a heavy swell impeded Yale.

The varsity race was prettily rowed, but the defeat was crushing. Yale, however, rowed gamely to the finish and neither crew showed signs of distress.

LEAVING PANAMA

Negro Miners Going to Other Places Where There Is Trouble.

Pana, Ills., June 30.—The agents of mining companies in Missouri, Kansas and Texas succeeded yesterday in employing 230 negroes who left for Bevier, Mo., and other western striking miners' camps, to take places of union miners. They occupied four coaches and on passing the works of the Pana Coal company opened fire upon the office and mine buildings, doing considerable damage. Seventy-five negroes departed last evening for Carterville, Ills., to supplement union miners and 50 left for Evansville, Ind., where the union men are idle.

A committee of negroes returned last night from Springfield, where they presented resolutions, passed at the meeting Wednesday night, and a list of families wishing transportation to return to their former homes to Governor Tanner, who furnished them with transportation for 300 persons. This will include all the remaining blacks, who will return to southern states today.

TEXAS LYNCHERS

Murderers of the Humphreys Remanded.

Athens, Tex., June 30.—Walter Wilkin, Joseph Wilkin, Polk Weeks, William Brooks, John Greenhaw, Arthur Greenhaw, W. T. Johns, William Gaddis, John Stevens and Samuel Hall have been remanded to jail without bail, charged with having murdered James, John and George Humphreys, by taking them from their homes and hanging them. The prisoners will institute habeas corpus proceedings.

Telephone No. 42

Entered at the Seymour, Indiana, Postoffice
as Second-class Matter.

FRIDAY, JUNE 30, 1899.

It is announced that Major G. V. Menzies, of Posey county will be a democratic candidate for governor.

GOVERNOR ROOSEVELT says in unmistakable terms that McKinley should and will be the nominee of the republican party to succeed himself.

The Commercial Club meets in regular session tonight. If you are a member you ought to attend. Your presence shows you to be interested in the progress of Seymour. It indicates that you are willing to give some of your time and energy to that end.

The secretary of the board of health and his assistants are to be commended for the thorough manner they have gone over the city and the work done to better the sanitary conditions in Seymour. The orders of these officers should be willingly obeyed and without delay.

Two years ago when John Overmyer was a candidate for congress he issued a platform previous to the nominating convention and sent copies out to his friends and to the newspapers. It will be remembered that he sent one to the Washington (D. C.) Post and along with it sent a letter that he was a candidate for congress and any favorable comments that the Post might make would be appreciated. The Post made some comments but not such as were appreciated by the presumptuous platform maker. He will probably not communicate with the Post this time, but he has already begun correspondence with the democratic newspapers of the Fourth district. Up to date we do not understand that he has enclosed a platform.

Squared Himself.

Yesterday afternoon coming up on the train from Scottsburg Marshal Thicksten arrested a man by the name of Smith who had gotten some money from two or three parties on different pretexts but after arriving here he made some sort of arrangements and settled up and was released.

Says He is Innocent.

D. A. Jennings, the ex-editor at Salem, has published an article denying the charges preferred against him the past few weeks and incidentally serves notice on the newspaper men that they have slandered him and must retract.

Hardly Sentimental.

Mrs. Julia Ward Howe's sense of the ridiculous has always been a saving grace, leading her to avoid grandiloquence.

On one occasion a lady at Newport, trying to get a fine sentiment out of her, said one moonlit evening on a vine hung veranda, "Mrs. Howe, do say something lovely about my piazza!" Whereupon every one listened for the reply.

In her delicately cultivated voice Mrs. Howe responded, "I think it is a bully piazza."—San Francisco Argonaut.

Funny Trousters.

The tailor who for years made Balzac's clothes says: "He used to wear the most extraordinary trousers I ever saw. He would insist upon my making them of a peculiar cut brown colored cloth, with wide straps fastened beneath the shoes. From the knee down the trousers were cut so as to fall in deep, voluminous folds, so as to keep the calves of his legs warm while writing."

Then She Called Him Pet Name.
"I'm afraid we must be divorced, my dear," said Mr. Newlywed to his young wife. "The doctor says I have rheumatic tendencies and must give up all sweet things."—Harper's Bazar.

The paupers in Japan number fewer than 10,000 out of a population of 38,000,000. In that country it is considered a disgrace to be an idler.

The man who suggests a compromise has usually been whipped.—Reheboth Sunday Herald.

La Grippe is surely contagious. Dr. Miles' Astorine Nerve is a sure preventive.

CITY COUNCIL.

Regular Bi-Monthly Meeting of the
Official Representatives to the
People of Seymour.

Council met in regular session last night, the mayor and all councilmen present.

S. A. Barnes acted as city attorney in the absence of Jno. M. Lewis, who is engaged in court at Scottsburg.

The minutes of last evening were read and approved.

Miller reported that the finance committee had measured the concrete foundation for city safe and found that at 15 cents a sq. ft. amounted to \$21.60.

Shepard submitted the report of the committee on accounts, claims and printing, recommending that the city clerk notify the two local printing offices to submit bids for stationary and printing at the next council meeting. Report concurred in.

Brethauer, chairman of light committee, reported on the petition for a light at corner of Fourth and Mill recommending that the prayer of petitioners be granted if council deemed advisable. Report received and filed.

Bartlett, chairman of improvement committee, reported that the contract for grading and graveling Pine street had been awarded to Henry Alwes at his bid. Report adopted.

Objections to grading and graveling East Fifth street from Blush to corporation line were called for but none were made. The bid of Barney Fournah for doing this work was the only one on file. He proposed to do the work for 49 cents a cubic yard and was awarded the contract.

The only bid to furnish gravel for the city the next six months was that of Milton Whitsett. He proposes to furnish gravel for 50 cents a cubic yard. Referred to improvement committee to award contract if deemed advisable.

Fred Wolters gave notice that he had awarded the contract for his concrete walk as ordered by council to Frank E. Short.

Dr. Hill, the health officer, reported that the work of inspecting the vaults in the city had been completed except along the property recently purchased by the Southern Indiana. The inspector had ordered 276 vaults cleaned and had otherwise given orders relative to slops, barbage, etc. Report approved.

The bill of Henry C. Clark of \$18 for the arrest and transportation of David O. Harris to jail was referred to finance committee.

The claim of Chas. Leininger for rent for 3 telephones for 3 months referred to committee on accounts, claims and printing.

The claim of J. H. Hopewell for expense incurred in bringing about the arrest of David Harris was referred to finance committee.

The claim of Thos. Hopewell was referred to committee on accounts and claims, requesting that it be made more specific and properly approved.

A motion was passed instructing that when the claim of Leverett Thicksten is paid that the amount he damaged the jail when he made his escape therefrom sometime ago be deducted.

The quarterly bill of the Seymour

Gas Light and Coke company was read and referred to light committee.

Brethauer offered a resolution for the improvement of the unimproved sidewalk on both sides of Poplar street between Oak and Jackson. Adopted.

Miller introduced an ordinance for the issue of improvement bonds to pay for new sidewalk on Laurel street in front of property owned by Susan A. Massman and Joe Hertz. Cost of improvement \$145.73, the same to be paid by the property owners under the Barrett law. Ordinance advanced and adopted.

Brethauer asked that the street commissioner be instructed to repair bridge at Brown street and corporation line. So ordered.

The Gas Light and Coke Company requested that the location of street lights be designated before next council meeting. The light committee instructed to call the council together for that purpose.

DeGolyer stated that there was a sycamore tree east Second street that is dangerous. Marshal directed to notify the agent of the owner of the property where the tree stands to have it removed.

Other miscellaneous business was introduced by Huber, Bartlett, Miller, Price, Shields and Shepard, and disposed of by council.

Adjourned on motion of DeGolyer at 10:15.

FINED FOR WINNING A CASE.

It Was Not Considered Proper to Defend a Horse Thief.

"When I graduated from the law school," said the old lawyer, with a reminiscent smile, "I took Horace Greeley's advice and went west. I located in a little town that then was on the frontier and waited with the confidence of youth for clients.

"Before I had fairly opened my office I was retained to defend a man for stealing a horse. This I did very much, for I was not aware at the time that the case had been refused by all the other lawyers in town, as defending a horse thief was not a thing to be desired if a man valued his life.

"The case came to trial before an old judge and a jury composed of bewhiskered ranchers. There was no doubt that the man was guilty, but he had a number of friends who were willing to swear to anything, and I thought it was my duty to make the best possible use of them. They were all willing to swear that the defendant was 40 miles away from the spot when the horse was stolen, and the prosecution was unable to break down their testimony. I saw that I was going to free my client, so it was with a satisfied air that I saw the jury leaving the room to prepare their verdict.

"They were back in five minutes, and the old judge asked them if they had succeeded in arriving at a verdict.

"We hev," answered the foreman, as he shifted the gun he carried on his hip. "We find the defendant not guilty and recommend the defendant's lawyer, owing to his youth an innocence, to the mercy of the court."

"While I was gasping for breath the judge fined me \$500 and suspended sentence long enough for me to get out of town. It wasn't law, but I didn't stop to argue the matter."—Chicago Inter Ocean.

In the chief square of Belgrade, Serbia, innumerable little frogs hop about as unconcernedly as if they were far away in the country. How they came there and how they survive, no one seems to know.

For over 100 years a weekly distribution of bread has taken place at St. John's chapel, one of the Trinity parish churches, New York city.

Sociological.

The Seeker—Really, is there such a thing as honor among thieves?

The Sage—Er—well—instances have occurred where a member of the profession has been entitled to "Hon." before his name.—Indianaapolis Journal.

Mrs. Pinkham's Advice Saved
Mrs. Hayes From an Operation.

[LETTER TO MRS. PINKHAM NO. 64,231]

"DEAR MRS. PINKHAM—Words cannot express my thanks to you for your kind advice to me in regard to my health. I had been running down in health for about seven years. I had doctored with good doctors and taken a great many patent medicines. My trouble began when my first child was born. I had a very hard time and after its birth would have severe flooding spells.

"After my second child I had very good health until last winter when I again became pregnant and suffered very much and miscarried. I came very near dying, and the doctor said I must have an operation, which frightened me very much, and concluded to write to you for your advice, and take your medicine. Was troubled with the whites, great pain in back and hips, sometimes when lying down or sitting was unable to get up. Would have such pain in groins could hardly walk.

"I can say I have never seen anything so wonderful as Lydia E. Pinkham's Vegetable Compound and Sarsaparilla. Your remedies have done wonders for me. Hoping that many of my suffering sisters may be led to take your medicine from reading this letter, I remain, sincerely yours, MRS. MARY HAYES, HARDINBURG, KY."

Letters like the foregoing should convince everyone that Mrs. Pinkham's advice is certain help.

The quarterly bill of the Seymour

PEOPLE OF THE DAY.

The retirement of Andrew Carnegie from the great iron and steel interests, with which he has been identified for years and which have made him immensely wealthy, naturally occasioned a great deal of comment in the business world.

ANDREW CARNEGIE.

But all classes, both in the United States and Great Britain, are more interested in the declarations made by and for Mr. Carnegie that he will devote his millions to charitable and other enterprises for the improvement of social conditions. He has already an established reputation as a philanthropist, having donated as much as \$10,000,000 for building up and maintenance of libraries and art institutions in this country and in Scotland. But he promises to give this sum many times over to like ennobling causes in the future. Mr. Carnegie has said that "the man who dies rich dies disgraced."

Funny Little M. Le Gallienne.

Here is M. Le Gallienne's description of M. Le Gallienne, given in "Young Lives."

"A tall young man, with a long, thin face, curtained on each side with enormous masses of black hair—like a slip of the young moon glimmering through a pine wood."

M. Le Gallienne's description of Kipling: "A head like a billiard ball in need of a shave; a big, brown mustache and enormous spectacles."

M. Le Gallienne's opinion of the comparative merits of Le Gallienne and Kipling: "That (the former) is our young apostle of sentiment, the best hated man we have, and the other is our young apostle of blood. He is all for muscle and brutality—and he makes all the money. But my impression is that our young man of feeling will have his day, though he will have to wait for it. He would hasten it if he would cut his hair, but that, he says, he will never do."

M. Le Gallienne will never cut his hair, even to hasten his certain fame. If he should, Kipling would be eclipsed in short order by the "slip of the young moon!"

The New Spanish Minister.

The final act in the restoration of peace between the United States and Spain is the coming to this country of Spain's new minister, the Duke d'Arcos, signaling the re-establishment of diplomatic relations between the two governments. En route the new minister visited Paris, where he met and exchanged courtesies with Mr. Bellamy Storer, minister from the United States to Spain.

The family of the Duke d'Arcos is one of the oldest and proudest in Spain. The Duchess d'Arcos is an American woman. Before her marriage she was Miss Virginia Woodbury Lowery of Washington.

A Soldier From Germany.

Major Frederick Fueger, the new commandant of Fort McHenry, was born in Germany and came to this country in 1855, enlisting in the Fourth United States artillery. He distinguished himself for bravery during the civil war and was rapidly promoted for gallant conduct in active service. At the battle of Gettysburg, when all the officers of Battery A, Fourth artillery, had fallen, Major Fueger, who was then first sergeant, took command of the battery and directed the fire. He was commissioned a lieutenant at Gettysburg, and since then he has been connected with the Fourth artillery.

Lord Kitchener's Store Eye.

It must be a great blow to the feminine admirers of Lord Kitchener to learn that he has a glass eye. A Cambridge photographer is said to have made this discovery from the peculiar reflective powers of the artificial optic. If Lord Kitchener has so remarkable a "store eye" that it remained for a photographer to discover that it was not real, there will be a demand for the address of the optician who furnished it or for a course of instruction from Lord Kitchener on the proper way of managing one.—New York Sun.

Mr. and Mrs. Robert Clark and little daughter, of Indianapolis, came in this morning and will remain over Sunday. Mr. Clark will speak at the Methodist church Sunday.

Eagle, The Rag or All Brds. Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers cents.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be other.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by C. W. Milhous

In Fine Shape.

Success Company, U. R. K. of P. has been doing a great deal of drilling the past few weeks preparatory to their exhibition drill at Shelbyville July 4. The company was never in better shape than now, and will do some fine work for the Shelbyville people.

BARGAINS BARGAINS!

Look in the window and see the prices at Mose the Boss.

The Willing Workers of the Central Christian church will serve lunch and cream this evening, June 30, at the home of W. R. England. Hours, 5 to 10. Lunch 10 cts; cream 10 cents.

S. N. Dodd, of Norman Station, transacted business here yesterday. He reports that great preparations are being made to celebrate the Fourth out at his place.

Commercial Club.

The Commercial Club will meet in regular monthly session this Friday, evening, at 8 o'clock. There is business of unusual importance to come before the club. A full attendance is desired. JOHN A. ROSS, President.

C. D. BILLINGS, Secretary.

Mrs. Alpha Cox entertained a number of ladies very pleasantly at her home on north Chestnut street Wednesday afternoon. Refreshments were served.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold, which settled on my lungs; cough set in finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles of It has cured me, and Thank God I am saved and now a well and healthy woman." Trial bottles free at W. F. Peters Drug Store. Regular size 50c and \$1.00 Guaranteed or price refunded.

Objections to New Wheat Flours Easily Overcome.

New wheat flours will soon be on the market and to overcome the objections many housewives have to the use of them, we would suggest to all good housekeepers to buy new flour from Old Wheat. BLISH'S "PATENT" and "Success" from old wheat will be on sale at all grocers this week only and buying should not be delayed.

Progressing More Rapidly.

The Jerrell trial is moving a little more rapidly now than at first. In fact it was seen that evidence would have to be taken a little more rapidly than it was taken the first three days or the trial could not be completed this week. The plaintiff rested just before noon yesterday and the defense began introducing evidence. A number of witnesses were examined in the afternoon and at the night session and excused to come home. The evidence will probably all be in today so that tomorrow can be given over to argument and since it is probable that as many as three speeches will be made on each side of the case that will consume most of the day. Since the witnesses are not permitted to hear each others testimony there is not much speculation as to the outcome of the case.

RAILROAD RUMBLINGS.

J. O. Sanders, of the E. & T. H., was a visitor here last evening.

Bridge carpenter C. A. Adams of the J. M. & L., is laying off on account of sickness.

S. K. Aldridge, of the Pan Handle, was in the city last evening on his way to Hayden to visit relatives.

J. H. Hempstead of the M. K. & T., was here today with his wife. They went to Columbus today to visit her mother.

Conductor Ed Cuddasch who has been sick for two months went to West Baden this morning hoping to regain his health.

Knights of Pythias Elect Officers.

Herman Lodge No. 44 elected officers for the ensuing six months last night as follows:

M. of W.—G. L. Attkisson.

C. C.—A. F. Teckemeyer.

V. C.—Geo. Bartlett.

Prel.—H. D. Wagoner.

M. at A. Lynden Bartlett.

I. G.—Ed. Massman.

O. G.—Henry Barkman.

K. of R. and S.—Wm. Massman.

These officers will be installed at the next regular meeting.

The Fourth at Normans.

A big Fourth of July celebration has been arranged at Norman's by the Southern Indiana Cornet Band. A good program including soldiers drill, good speaking and music by two bands and a quartette has been prepared. Come out and enjoy the day in a pleasant grove. Reduced railroad rates. fd2t

Next Meeting at Columbus.

The next session of the State Music Teachers' Association will be held at Columbus. About 300 attended the meeting just closing at South Bend. Columbus will have to tune up before next year, and especially will the newspapers have to get together or there will be discord, and that is what musicians don't like.

THE MODERN BEAUTY.

Thrives on good food and sunshine with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

We handle the Royal Remedy Co.'s medicine; also the Electricity medicine and Dr. Ordway's plasters. All you want is to give these medicines a trial. Order through the post office. We deliver our medicines to any part of the city. These medicines give great satisfaction. Weathers, 134 S. Bill street j24in o

Prescription Department.

It is our aim to make this department perfect in itself. We can assure you that only the best and freshest drugs are used by us in our prescriptions.

Proprietary Medicines.

A full line of goods of this nature can be found constantly in stock; and owing to our unequalled facilities for buying we are in a position to supply you with any or all proprietary preparations at the most reasonable figures.

Cigars.

Is a complete supply of all the leading brands of cigars any inducement to our gentlemen friends? Have you some particular cigar that you are compelled to go some distance out of your way to obtain? If so, speak to us of it. Let us get it for you.

Soda.

Let us demonstrate to you personally our right to claim superiority in dispensing soda water. All our syrups are made from fresh fruit juices, no acid extracts of any kind being used in their manufacture. Our soda water is charged to the highest degree of carbonation by a special process. By the use of the best of materials, combined with skill in making, we guarantee you unsurpassed results.

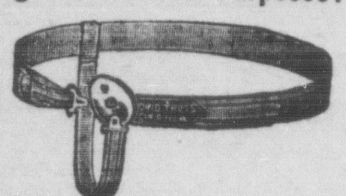

Sundry Articles.

Of articles of this nature we carry a complete stock. If unable to get elsewhere just the article you desire, let us get it for you and save time, trouble and expense.

We should be pleased to deliver prescriptions or other purchases at your home at any time.
